

Dr. D. Y. Patil Arts, Commerce and Science College, Pimpri, Pune

Dr. D. Y. Patil Arts, Commerce and Science College, Pimpri, Pune, is an institute run by Dr. D. Y. Patil Unitech Society. The college offers undergraduate and postgraduate programs in the field of Computer Applications through its Department of Computer Science. The institute is affiliated with Savitribai Phule Pune University and is re-accredited by NAAC with a CGPA of 3.55 on a four-point scale at A++ grade. It is a UGC-approved course and falls under the NIRF ranking band of 201–300.

Courses Offered

The Department of Computer Science offers B.Sc. (Computer Application), formerly known as BCA (Science), with a duration of four years, and M.Sc. (Computer Application) with a duration of two years. These programs are designed to provide strong theoretical knowledge along with practical skills in computer science and application development.

Admission Information

Admissions are open for the academic year 2025–26. The courses aim to prepare students for modern technological challenges and industry requirements by offering updated curriculum and hands-on learning experiences.

Career Opportunities

Students completing these programs have a wide range of career opportunities. They can work as Software Engineers, Web Developers, Android Developers, AI Developers, Cloud Architects, Data Scientists, Test Engineers, UX Designers, Quality Managers, Educators, or even choose the path of entrepreneurship.

Departmental Activities

The department actively organizes and participates in various academic and co-curricular activities. These include activities under the Computer Science Association, hackathons and technical events, intercollegiate competitions, alumni meets, parent meetings, social extension activities, cultural club events, and participation in the Avishkar Project Competition.

Value Additions

To enhance student employability, the department provides several value-added facilities such as a Training and Placement Cell, career counselling, pre-placement activities, value-added courses, internship opportunities, membership in the Computer Society of India (CSI), and support through the Innovation Incubation Cell.

Internship and Placement

The college has a strong placement record with reputed companies such as TCS, Wipro, Infosys, Capgemini, Accenture, Johnson Controls, Zensar, LTIMindtree, Persistent, and Jade Global. Many students have secured placements with attractive salary packages, reflecting the effectiveness of the training and academic structure.

Collaborations and Linkages

The institute has collaborations and linkages with organizations like Success Institute, Sujata Institute of Information & Technology, Quick Heal Foundation, and Metasales Technologies. These collaborations help in skill development, training, and industry exposure for students.

Eligibility Criteria

For B.Sc. (Computer Application), candidates must have passed Higher Secondary School Certificate (10+2) with science. Direct second-year admission is available for students who have

completed a three-year diploma after SSC or a two-year diploma after HSC from MSBTE in IT, Computer, Electronics, or E&TC.

For M.Sc. (Computer Application), candidates must hold a bachelor's degree in Science, Technology, Engineering, or Computer-related disciplines such as BCA, B.Sc. Computer Science, BCS, IT, Data Science, Cyber Security, Cloud Computing, AI, Machine Learning, or equivalent qualifications as specified.

Course Highlights and Learning Paths

The courses provide state-of-the-art infrastructure, experienced and qualified faculty, well-equipped computer labs, digital library facilities, industry-relevant curriculum, and strong emphasis on problem-solving and practical learning. Learning paths include digital classrooms, innovative teaching methods, workshops, guest lectures, industrial visits, assignments, presentations, on-the-job training, project-based learning, industrial training, and certification courses
